Grafton, VA 23692

Dear Ms. Burcher:

RE: Approved CBPA Waiver Application No. CB-239-W for a proposed home "addition" within the RPA

The County Zoning Administrator, Mr. Mark Carter, approved the above referenced waiver on November 29, 2000 (see attached excerpts of his approvals for your application and my November 29, 2000 memorandum to him). This approval does not negate the need for zoning authorization for an accessory apartment.

The County wishes to thank you for your time and efforts to protect the environment of the Chesapeake Bay. You may now proceed with obtaining Planning Commission and Board of Supervisors approval to obtain a building permit for your "addition" from the County.

Sincerely,

Bob Tanner
York County's CBPA Representative
